

Mr. Pavol Kovacik
President
ZSPSP
SK - Bratislava

Brussels, 14th November 2025

Dear President Kovacik, dear Pavol,

First of all, congratulations on the anniversary of your federation ZSPS: 35 years of successfully defending the interests of construction contractors! Ever since ZSPS joined FIEC in 1992, we have been very proud that such an efficient organisation of dynamic contractors is a member of FIEC.

Many thanks for your letter announcing this honour bestowed upon FIEC by our Slovak colleagues. We consider this tribute to be recognition of the work carried out by FIEC on behalf of all its members. It also highlights the special long-standing relationship between FIEC and its Slovak Member Federation.

In this regard, we are particularly grateful for your personal commitment, dear Pavol, both as Vice-President of FIEC during the previous term of the Steering Committee, but first and foremost as President of ZSPS. Congratulations on all your work and achievements on behalf of the construction sector in Slovakia!

We look forward to welcoming you soon in Brussels for the forthcoming FIEC General Assembly of 4 December, and in the first place for the FIEC 120th anniversary reception!

Kind regards,
